Fourth grade (also called grade four, equivalent to Year 5 in England and Wales) is a year of elementary education in some countries. In North America, the fourth grade is the fifth school year of elementary school. Students are usually 9 or 10 years old, depending on their birthday, unless they started school at an earlier or later date

than the average student.

Fourth Grade Math  
Worksheets. Fourth grade  
made is a transitional  
stage where focus shifts  
from many of the basic  
math facts towards  
applications. There is  
still a strong focus on  
more complex arithmetic  
such as long division  
and longer  
multiplication problems,  
and you will find plenty  
of math worksheets in  
this section for those

topics.
