

Boat Smart Answers

It's been over a year since the little town of Forest Ridge, Ohio was rocked by the senseless, vicious attacks on it's residence. Special Agents Tim Taylor and Nichole Hughes from the Federal Bureau of Investigation, shot and killed the alleged rapist and murderer, Cameron Baker. His life ended in a rage of gunfire on Johnson's Island. That case left a trail of bloodshed from New England all the way to Ohio. Remnants of the yellow crime scene tape can be found still tied to the trees where the first victim's body was discovered near the bridge carrying Route 5 from Vermont to New Hampshire. A storm is brewing, and it looks like a bad one. What the FBI and other law enforcement officials don't realize yet is that this case may not be over. A killing spree is about to start. Lock your doors and windows, the reign of terror in this little town is about to begin again.

Thinking Skills: Ages 6-8

Safety Education

Readers will learn about concepts like density, mass, and buoyancy with clear, easy-to-read text and infographics showing how boats stay afloat. QR Codes in the book give readers access to book-specific resources to further their learning. Aligned to Common Core Standards and correlated to state standards. Cody Koala is an imprint of Pop!, a division of ABDO.

The Strange Adventures of a House-boat

In July 2015, two boys approximately 14 years old went out of the Jupiter inlet and were never seen again. Distressed at this, I offered this "Safe Boating Pocket Guide" ebook, free. I now set a small fee just to keep tabs of numbers read. This is a comprehensive safe boating course that includes all Coast Guard regulations. Carry the Ebook on your smart phone for quick and easy access and get the answers you need, anytime, anywhere, just by utilizing the specifically designed Table of Contents. Refresh your knowledge, know the rules and when in doubt, go to your phone. Written in simple to comprehend terminology for persons of all ages. If you are a boater, then this is "must read information." You'll also get lots of tips and info that you may not have expected. My background includes eight years in the Coast Guard Auxiliary, followed by fifteen years as a Master Near Coastal 100 Ton Boat Captain.

Why Does a Boat Float?

My Wars

Truth, Time and History investigates the reality of the past by connecting arguments across areas which are conventionally discussed in isolation from each other. Breaking the impasse within the narrower analytic debate between Dummett's semantic anti-realists and the truth value link realists as to whether the past exists independently of our methods of verification, the book argues, through an examination of the puzzles concerning identity over time, that only the present exists. Drawing on Lewis's analogy between times and possible worlds, and work by Collingwood and Oakeshott, and the continental philosopher, Barthes, the author advances a wholly novel proposal, as to how aspects of ersatz presentism may be combined with historical coherentism to uphold the legitimacy of discourse about the past. In highlighting the role of historians in the creation and construction of temporality, Truth, Time and History offers a convincing philosophical argument for the inherence of an unreal past in the real present.
