Polemic against the view advanced by the Arya Samaj and others that the Sikhs are Hindus and not a separate religious entity.

When Amelia Earhart mysteriously disappeared in 1937 during her attempted flight around the world, she was already known as America's most famous female aviator. Her sense of daring and determination, rare for women of her time, brought her insurmountable fame from the day she became the first woman to cross the Atlantic in an airplane. In this definitive biography, Mary S. Lovell delivers a brilliantly researched account on Earhart's life using the original documents, letters, the logbooks of Earhart and her contemporaries, and personal interviews with members of Amelia's family, friends and rival aviators. The Sound of Wings vividly captures the drama and mystery behind the most influential woman in "The Golden Age of Flight"—from her tomboy days at the turn of the century and her early fascinations with flying, to the unique relationship she shared with G.P. Putnam, the flamboyant publisher and public relations agent who became both her husband and her business manager. It is a revealing biography of an uncommonly brave woman, and the man who both aided and took advantage of her dreams.

Hindi cinema was trapped in formulaic cliches for decades: lost-and-found themes, sacrificing mothers, brothers on opposite sides of the law, villains lordng over their dens, colourful molls, six songs, the use of rape as a plot pivot, and cops who always arrived too late. It hit an all-time low in the 1980s. Then, in 1991, came liberalization, and a wave of openness and aspiration swept across urban India. Dilwale Dulhania Le Jayenge was released in 1995 - and Hindi cinema became Bollywood. A new crop of film-makers began to challenge and break away from established rules. Over the next twenty years, a number of Hindi films consistently pushed the envelope in terms of content and technique to create a new kind of cinema. Among other innovations, film-makers came up with ways of crowd funding a film (Ankhon Dekhi), did away with songs if the narrative did not need them (Gangaajal), addressed different sexual preferences (My Brother ... Nikhil) and people with special needs (Black) like no one had ever done before. As film critic with the Indian Express, Shubhra Gupta has stayed the course these twenty years and more and experienced the transition first-hand. In 50 Films That Changed Bollywood, 1995-2015, she looks at the modern classics that have redefined Hindi cinema - from DDLJ and Rangeela to Satya and Dev D to Queen and Bajrangi Bhaijaan. Gupta offers a fascinating glimpse into how these films spoke to their viewers and how the viewers reacted to them - and, ultimately, how they changed us and how we changed them.

He did not see the partition of India, but discovered that his mother was a refugee. He heard that India lost a war with China many years ago. He was growing up, and the Naxalite movement in India was also growing up with him. He read in newspapers and radio, Indian Armys victory over Pakistan in the 1971 war. But this victory, he felt, was achieved through huge tension in his poor family: his elder brother could have been sent to the war front and killed. As a boy he learned about Atom Bomb, Exigency, Liza Minnelli, and politics. The story revolved around the life of J, the young lad growing up in a small town in Bengal. As he grew up, J watched life and death unfolding in front of him. In death he saw life, and in life, he discovered hope, despair, magnanimity, deceit, hypocrisy, and power. J watched society and politics and their many faces. As a child he observed the Naxalite movement with chivalry and pride; later he watched the Centrist and the Left rules in Bengal and got to know from his teacher that political activists often changed jobs. With ignorance of a child he saw the first funeral procession of his father, with excruciating pain he watched again, this time as a boy, another funeral procession, of his elder brother. Later he observed, as a young man, the funeral procession of a Hindu deity. He felt that funeral processions were slowly expanding, from family to the state, and gradually engulfing his country. Built around ten chapters, the novel reflected the socio-political milieu of Bengal and India in the 1970s and 80s through the journey of J, from childhood to adulthood. The journey also discovered the necessity of peace in times of war and peace.

Mumbai is an ever-evolving city, bustling and brimming, never sleeping for a wink. But the past four decades brought upheavals of great magnitude that shaped the city as we know today. Marred by communal riots, gang wars and terrorism, the spirit of Mumbai has emerged indomitable every single time. Born and raised in the lanes of Bombay 3, this is the story of Jagan Kumar who dreams of being a television journalist and changing the world. But once he achieves this, he realises that television journalism has lost its path, now afflicted with sensationalism, corruption and bias. As a crime reporter, he comes across various unscrupulous means that law enforcement agencies adopt to combat organised crime syndicates. He is shocked to witness interdepartmental rivalry that often jeopardises public security.

Disenchanted, in conflict with his conscience and confused about his calling, he is about to quit when something happens that changes the course of his life. Bombay 3 begins from the bylanes of old Bombay of the seventies and then takes you to Mosul in ISIS's Iraq of 2014 and finally to the streets of Bangkok where the underworld of Mumbai has spread its tentacles. A fast-paced thriller, it answers certain questions about life in Mumbai and raises a few new ones.

This book provides an example of the capitalization of computer and wiki technology to support collaborative writing among Mainland Chinese upper primary school students. It presents the results of a study showing the application of the Design-Based Research (DBR) methodology to design a Wiki-based Collaborative Process Writing Pedagogy (WCPWP) to help students with their writing in the Chinese context. The WCPWP is designed and developed based on social constructivist theory and the social view of writing process theory, as well as in consideration of the Technological, Pedagogical, and Content Knowledge (TPACK) framework. Primarily aimed at researchers and practitioners in the fields of collaborative learning, TPACK, and Chinese writing, as well as Chinese language educators, this book will also deepen primary educators' understanding of the links among technology, pedagogy and content, and guide educators in the integration of social media, as well as the design of effective matching pedagogic strategies, in their teaching of writing.

Experiences in outback Western Australia during 1920s and 30s; references to Aborigines including brief description of Corroboree and womens fight on Oakover River at Warrawagine Station. If there is one thing that Jorge Hernandez values as much as power and loyalty, it is his freedom. Despite his countless crimes and acts of vigilantism, he continues to plunge ahead into the 9th book in the Hernandez series, playing by his own rules. While others follow like sheep, Hernandez has always been the wolf, brutally ripping apart anyone who gets in his way. When a cop has the nerve to show up at his door and harass him, Jorge's fury quickly ignites. However, rather than sinking his teeth into this one victim, he instead takes on the entire herd, deciding to use the second season of his docuseries, Eat the Rich before the Rich Eat You, to expose the dirty secrets and humiliate the Canadian law enforcers. While Jorge wants to exhibit his power and publicly taunt the police, his family fears that this time, he may have pushed too far. Even with his freedom in the balance, Jorge Hernandez won't back down. Then again, in a world of blurred lines and uncertain morals, are we all the judge and jury, or are we all criminals?
