The Secrets of Planetary Magic is an excellent introduction to traditional planetary magic by Christopher Warnock, the leading astrological magician and a master traditional astrologer. It contains insights gleaned from a decade of practice and study of traditional planetary magic and is an excellent introduction to traditional astrological magic. The Secrets of Planetary Magic explains the theory of planetary magic, the planetary hours and planetary hour elections, advanced planetary magic

and contains a complete set of seven planetary images for talismans and planetary talisman consecration instructions.

Ann Moura, the author of the popular Green Witchcraft series, is back with a new, one-of-a-kind spellbook on lunar magic. This is the only guidebook available that uses Mansions of the Moon correspondences to empower Esbat rituals and spellwork. The moon goes through twenty-eight distinct "mansions," or sections of the sky, as it travels through the twelve signs of the zodiac. Each mansion is appropriate for certain types of magic, as described in ceremonial magic books, such as Agrippa's Three Books of Occult Philosophy or

Barrett's The Magus. Now this esoteric information is available to Witches, complete with suggested workings for both the waxing and the waning lunar phase in each mansion. Moura provides the tools, the instruction, and examples of how to utilize the Mansions of the Moon to add depth and potency to your spells and rituals. More than one hundred workings are presented, including candle spells, charm bags, meditations, magical oils, talismans, amulets, incense, teas, and much more. The angelic trance is easy to achieve, and its effects are profound. Follow brief magickal instruction, and your life will change for the better. By using the sigils in this book, you seek the help of angels, and they will

ease you into the required trance. The trance is very light, safe, and not in any way disturbing, so you don't need to worry that you'll have to get completely zoned out. It's much easier than that. The angels will not refuse to help when you communicate your sincere needs. Your life will begin to transform in ways that benefit you now and in the future. No need to say any magick words. No equipment or ceremony. An easy method that works automatically. Magick that works even when you feel desperate. Instant relief for feelings such as anxiety. Solve problems or manifest desires. You will never attract anything you don't want, or that isn't right for you now. This magick works without causing any disruption. The book also

covers methods for creating deeper trance, and a method for combining rituals called The Chain of Trance. Although short, this book contains a huge amount of practical magick. Ben Woodcroft is one of the most respected modern occultists, and here he presents a safe way to connect with the angels that's unlike anything ever published.

For centuries, the ceremonial evocation of spiritual beings has been Magic's darkest corner. Reputed to fulfil the Magician's material desires, evocation has been the topic of the most famous Grimoires -- the Grammars of Magic. From the Sworn Book of Honorius the Magician, to the Greater Key of Solomon and the Goetia; from the Grand Grimoire, to the complete treatise of the Lemegeton, all give direct, yet difficult, directions to the individual desiring to have the 'good life' in the here-and-now. But the simplest of Grimoires, the Heptameron of Peter de Abano, has escaped the attention of modern Ceremonialists. Its simplicity and power in summoning the Aerial Spirits is second

to none. This book lays bare the operation of the Heptameron. Its Magical Axioms, extensive Commentaries, copious notes, and personal instructions to the reader -- all gained from Dr Lisiewski's forty-years of study and practice in Ceremonial Magic -- make this a resource that no serious student Includes information on what talismans are and how they work; a brief history of talismans in the Western Magical tradition; how to use names of power, angels, magical languages, and color magic; how to draw talismans, consecrate them, and even destroy them.

is perhaps the most comprehensive, in-depth description of

various aspects of the Western magickal tradition ever

published. The uniting factor of this book is language. It

begins with a discussion of the mysteries of the Greek alphabet, followed by the different forms of the Runes, and goes on to describe the mystical secrets of Latin. and then Enochian, where you will discover, for the first time ever, the correctly constructed Watchtower system. The book also includes the mysteries of the Tarot, a pictorial language, and it describes the development of the esoteric Tarot, how to do readings, and the significance of the symbolism on the Tarot cards. It concludes with the English language and its relationship to the Tarot, Enochian, and more. The introduction to The Western Mysteries serves as a complete introduction to the magickal tradition of the West. You will learn about the evolution of thought concerning the Elements,

astrology, magick squares, geomancy, words of power, and more. You will find that each section of this book is a key that unlocks the meaning behind another of the magickal languages that you can relate to your own spiritual system. It is ideal for a beginning student to explore the mysteries of Western magick. It is a necessary tool for more advanced students, as it has collected hundreds of charts and lists which clarify and identify the similarities and differences between various systems. This is a reference book you will study over and over. The volume of information revealed makes *The Western Mysteries* an instant classic and a necessity for any spiritual practitioner.

Humanity's love affair with mathematics and mysticism

Page 39/56

reached a critical juncture, legend has it, on the back of a turtle in ancient China. As Clifford Pickover briefly recounts in this enthralling book, the most comprehensive in decades on magic squares, Emperor Yu was supposedly strolling along the Yellow River one day around 2200 B.C. when he spotted the creature: its shell had a series of dots within squares. To Yu's amazement, each row of squares contained fifteen dots, as did the columns and diagonals. When he added any two cells opposite along a line through the center square, like 2 and 8, he always arrived at 10. The turtle, unwitting inspirer of the "Yu" square, went on to a life of courtly comfort and fame. Pickover explains why Chinese emperors, Babylonian astrologer-priests, prehistoric cave people in France, and

ancient Mayans of the Yucatan were convinced that magic squares--arrays filled with numbers or letters in certain arrangements--held the secret of the universe. Since the dawn of civilization, he writes, humans have invoked such patterns to ward off evil and bring good fortune. Yet who would have guessed that in the twenty-first century, mathematicians would be studying magic squares so immense and in so many dimensions that the objects defy ordinary human contemplation and visualization? Readers are treated to a colorful history of magic squares and similar structures, their construction, and classification along with a remarkable variety of newly discovered objects ranging from ornate inlaid magic cubes to hypercubes. Illustrated examples occur

throughout, with some patterns from the author's own experiments. The tesseracts, circles, spheres, and stars that he presents perfectly convey the age-old devotion of the math-minded to this Zenlike quest. Number lovers, puzzle aficionados, and math enthusiasts will treasure this rich and lively encyclopedia of one of the few areas of mathematics where the contributions of even nonspecialists count.

Unlock the lost and hidden meanings of the world's ancient and modern signs and symbols with the latest in the hugely popular series of 'Element Encyclopedias'. This is the biggest A-Z reference book on symbolic objects you'll ever find.

Within the pages of this book lies one of the most powerful mandalas of the Western Mystery Tradition. For the first time

in English, Nineveh Shadrach has lifted the veil on a magic square whose properties astonished Magi of an age long past. They hid this square from the uninitiated with arcane terms such as the red sulfur and great elixir. They attributed its power to the rise of figures such as Alexander the Great. For hundreds of years advanced adepts of Western Occultism had no inkling of the existence of such a powerful magical artifact. Now you do. You'll expand your knowledge of authentic ancient sacred magic when you get: a) A partial translation of an ancient manuscript, revealing some of its secrets b) The blueprint for constructing this mandala of power to awaken its energy in your life c) Advanced teachings of esoteric numerology that shed light on its mysteries d) Ten additional

variations, each designed to fully manifest the spiritual power of the emanations of the Tree of Life. This book is not for beginners or for those looking for quick fix spells. Anyone who has dug in hidden places in search of secret knowledge that can change lives will find a master key inside. All that is left is for you to use that key and unleash the ancient power of kings.

To those who will only believe in phenomena which are reproducible at will, it is easy to answer them: you do not

manufacture comets, meteorites, magnetic disturbances due to sunspots, and yet you observe them.

Metapsychical phenomena are registered in the records of Occultism. That is all. The only thing to do is to check them. But the right remains to unite them amongst themselves by an attempt at a general explanation. The study of the Invisible, of the forces which it conceals, of the human fluids, is yet but at its dawn. Patience ! To deny is absurd. To observe is scientific. To think is wise. This is what I have done. It is what you will do after having read this book, the well arranged summing up of vast reading and lengthy thought.

This "compendium of information on the occult sciences,

Page 47/56

occult personalities, psychic science, demonology, spiritism, and mysticism" was one of a kind when it was first published in 1920 and is still considered the best in its field today. Spence organizes a world's worth of magic -- from "Ab" (a magical month in the ancient Semitic calendar) to "Zulu witch-finders" -- into 2,500 dictionary-style entries that explore concepts and personalities both familiar (Freemasonry, Morgan le Fay) and obscure: palingenesis (a process by which plants or vegetables are destroyed and then "resurrected"), Leonora Galigai (a 17th-century Italian aristocrat who was burned as a witch). A delight for devotees of the weird and the strange, and a valuable resource for

students of mythology and the evolution of scientific thought, this important volume is at home in the libraries of all book lovers. Scottish journalist and folklorist LEWIS SPENCE (1874 -1955) was a Fellow of the Royal Anthropological Institute of Great Britain and Ireland, and Vice-President of the Scottish Anthropological and Folklore Society. He published more than 40 works on mythology and the occult, including History of Atlantis, An Introduction to Mythology, and Myth and Ritual in Dance, Game and Rhyme.

The Greater Magickal Angels follows on from the popular Magickal Angels, but is a complete magickal system in its own right. You do not need to be familiar with the first book to get results. Magickal Angels introduced readers to 24 angels, but The Greater Magickal Angels covers the powers

of 48 angels that were not revealed in the first book. You can start working with the Greater Angels immediately and everything you need is included here. The angels in this book can help you to develop and attract love, find harmony, increase fame, find strength, break through adversity, sleep well, heal yourself and obtain clear thought. There are angelic powers that enable you to invent, discover new methods, improve your business and find new supporters. You can free yourself of enemies and increase the loyalty of friends and lovers. The power to improve prosperity, win awards, write well, be stable, reduce anxiety, learn easily, understand in new ways and dominate strong personalities is at your hand. The angels can help you to excite new passion, discover more about yourself and see

the past, present and future with clarity. Whether you are seeking fame, money, wisdom, healing or peace, the angelic powers can help you to improve your life in the ways that matter to you most. Although the same ritual technique from Magickal Angels is repeated here, the powers revealed are sometimes more subtle and precise, as well as being richer and more complex. That is why I refer to these as the 'greater' angels. It doesn't mean that they are necessarily better, but when used wisely they can have more far-reaching and long-lasting effects. Often, getting a magickal result requires a subtle, cunning and well-planned approach that occurs in stages. The angels in this book will help with your greater plans. This magick works regardless of your religion or beliefs. Hebrew words are used, along with Latin

Psalms, because these are keys to angel magick. This does not make the magick Jewish or Christian. Aspects of those religious structures have been incorporated into the magick, because they are shortcuts to angelic contact. This magick is used by people of many religious backgrounds, and by atheists and by those who just sense there is something magickal going on out there. The angels will respond to any strong desire, and help you bring about change in the world. This book contains secrets that enable angelic contact to occur rapidly. You will discover: A method for empowering talismans and sigils Information on how to choose the right angel Methods for communicating more directly with angels Performing angel magick for other people. If you are serious about angelic work, this book can

take your efforts to a much higher level. NOTE: If you own Magickal Angels the complete ritual is repeated here, so that new readers have access to that material. Be aware that when you buy this book, you are buying several chapters that you have already read. There is plenty of new information, however, as well as 48 new angels along with their sigils.

"An enlightening journey through occult history, this fascinating chronology explores such diverse topics as the earliest alchemists of ancient Egypt, the Philosopher's Stone, the Cabala, the original of the Tarot, the Knights Templar, the founding of the Hellfire Club, Aleister Crowley's The book of the law, modern-day Wicca, and more. With the turn of every page, you will encounter beautiful artwork and

intriguing insights about the occult, an astonishing story of suppression, survival, and rebirth, extending over more than two and a half millennia"--Back cover.

Full of new and refreshing materials and techniques never before seen in print, "Secrets of Ancient Magic: Path of the Goddess" delineates a system of spiritual and occult development, based on the ancient Chaldean tradition taught by the Hebrews and preserved by the Arabs.
