Conference proceeding - Wikipedia

The Thirty-Fourth AAAI Conference on Artificial Intelligence was held on February 7-12, 2020 in New York, New York, USA. The surge in public interest in AI technologies, which we have witnessed over the past few years, continued to accelerate in 2019-2020, with the societal and economic impact of AI becoming a central point of public and government discussion worldwide.

APA Referencing - How to Cite Conference Proceedings. Occasionally, academics from across the world will emerge from their ivory towers to gather and share ideas at academic conferences. New research is often presented at these conferences, with the collected papers published as the 'conference proceedings' afterwards.

APA Referencing - How to Cite Conference Proceedings

In academia and librarianship, conference proceeding is a collection of academic papers published in the context of an academic conference or workshop. Conference proceedings typically contain the contributions made by researchers at the conference. They are the written record of the work that is presented to fellow researchers. In many fields, they are published as supplements to academic journals; in some, they are considered the main dissemination route; in others they may be considered grey

Conference proceeding - Wikipedia

The conference focuses on theoretical and empirical foundations, component technologies, and combined multimodal processing techniques that define the field of multimodal interaction. As in the previous years, in 2014, we had a strong number of submissions: 127 long and short paper submissions (82 long papers and 45 short papers) and 16 demonstration papers.
