Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America’s premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede’s wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid’s, handle like a pro’s. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension’s condition. He outlines testing procedures that will help you gauge how well you’re improving your suspension, along with your riding. And, if you’re inclined to perfect your bike’s handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

WALNECK'S CLASSIC CYCLE TRADER, MAY 1999

104 pages, 50 illustrations, size 5.5 x 8.5 inches. A faithful reproduction of the John Thorpe BOOK OF THE HONDA a fully illustrated repair and maintenance manual that covers the 50cc models C100, C102, Monkey Bike, CE105H Trails Bike, C110 & C114. The 125cc models C92, CB92 & Benley. The 250cc models C72 & CB72. The 305cc models C77, CB77. Originally published in 1967 by Floyd Clymer this illustrated manual contains repair and maintenance data for both Kick and Electric Start models including Electrical and Ignition Equipment, Wiring Diagrams, Clutch, Carburetion, Transmission, Forks, Engine, Brakes and more. It also includes information on routine service, maintenance and tune ups plus technical specification charts. While not as exhaustive as a factory manual there is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete mechanical renovation. An essential addition to any Honda Motor Cycle Enthusiast's library, this book has been out-of-print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market. This is a - must have - reference for this series of Honda motorcycles and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

Best in Show is a collection of photographs of well-groomed and award-winning dogs by New York City –based photographer Dolly Faibyshev. The images from the Westminster Kennel Club Dog Show and beyond focus on the unique—and often humorous—relationship between each dog and their handler. Dolly Faibyshev focuses on kitsch, irony, and the larger than life human and canine characters that make up Best in Show. The result is a colorful, vibrant, campy, and satirical take on this specific slice of Americana. • The colorful, closely cropped juxtapositions of each coiffed canine contestant and their dedicated human are both humorous and charming. • Sure to delight fans of all breeds of dogs • A universal and ideal book for all canine lovers with a sense of humor Best in Show captures a specific subculture of dog devotees primarily from the infamous Westminster Kennel Club Dog Show at Madison Square Garden in New York. • A perfect book for anyone who is completely and totally obsessed with dogs and the Westminster Kennel Club Dog Show • Photographers and contemporary art lovers will also love this celebration of Dolly Faibyshev's work • Great for fans of The Dogist: Photographic Encounters with 1,000 Dogs by Elias Weiss Friedman, Dogs by Lewis Blackwell and Tim Flach, and Underwater Dogs by Seth Casteel

Motocross & Off-road Performance Handbook

Service, Repair, Maintenance

Preparing the Honda CR and XR for Competition includes Training Tips from Marty Smith, and and a detailed look at the CR and RC Honda Factory Race Bikes First published in 1979 as the "Moto-X Fox Guide to Preparing the Honda CR and XR for Competition," this expanded 84-page book was written and photographed by famed 1970's Cycle News editor, racer and motocross journalist Jim "Jimmy the Greek" Gianatsis. Included is a later published 16-page Supplement featuring the 1980 season water-cooled RC Pro-Link monoshock works bikes, and a look at the rare RC125-80 twin cylinder motocross bike. Covered is the development and racing history of the Honda 2-stroke CR production and RC works bikes raced by the Don Jones family with Gary and DeWayne in 1973, through to to the exotic RC works machines raced by Marty Smith, Marty Tripes, Pierre Karsmakers, Jimmy Ellis, Graham Noyce and Brad Lackey up through 1980 with the water-cooled Pro-Link bikes. Included is race bike preparation from American Honda factory mechanics Cliff White and Bill Buchka. Honda CR production bike race preparation and tuning is provided by the Moto-X Fox Racing Team, the top privateer team in motocross with tuners Keith Bontranger and Paul Turner for riders Steve Wise, Jim Turner, Larry Wosick and the Honda factory team. There is also a special chapter covering the Honda XR 4-stroke trail bikes and how to prepare them for motocross. Included is "Training Tips from Marty Smith" of Team Honda and 500cc National Motocross Champion. "Preparing the Honda CR and XR for Competition" serves as very interesting reading and a great historical reference guide for dirt bike fans both young and old. Many of the bike preparation and riding tips are still relevant today. A must have for any dirt bike enthusiast or collector.
